Impact Report

A MESSAGE FROM OUR FOUNDER

As we enter a new year, we want to take a moment to reflect on a year of growth in 2023. This past year, we continued to grow our community and impact while experiencing profound moments of opportunity and hope.

A YEAR OF GROWTH

This past year, we continued to be inspired by the exponential impact and potential of what's possible when you bring together a community of women and allies who share a common vision and commitment to investing in philanthropy that drives change.

Though the work is far from finished, your passion and dedication to driving change for women and children in crisis are what keeps us focused on the future.

With gratitude,
Angela

Impact Story Highlights

GRANT RECIPIENT

Single Mom in Florida in crisis due to health emergency

DETAILS

Terminated from employment when faced with mental health crisis. Seeking \$750 for housing.

OUTCOME

“Thank you for the gift of hope, of a deep breath of relief and so much more that this assistance will give us to survive and thrive forward.”

Single mother from Wisconsin in crisis due to lack of basic needs

Her roommate kept her rent and disappeared, leaving them to be evicted. She was sleeping on a pallet while her daughters slept on the couch of a friend, or in their car.

Uplift’s grant of \$1,125 allowed this single mom to get an apartment and buy basic food items so they no longer had to spend their days ‘killing time at a park or hanging out in their car and ‘hopping from couch to couch.’

Single mother of five from Tennessee in crisis due to domestic violence

Homeless mother of five in crisis due to escaping a domestic violent partner.

The grant of \$1,000 allowed her to secure safe housing for her and her children, and will allow her to find employment as a medical assistant now that she has found stable housing. “This is such a blessing.”

We couldn't have
done it without
